

October 2015

A new web site, a new club suit, success in Scotland and a British Record. A big month!

British Record

Ben Roberts and Daniel Pickering from NIRC along with Niall Tracey from the Mohawks and Solomon Prempeh from Aldwych Speed Skating Club won their Junior C boys 3000m relay at the Torino Star Class event in Italy beating teams from Germany and the Netherlands in a time of 4 mins 46.481 seconds, a new British record for Junior C boys.

New Club Suit Design

Our new club suit design has arrived! The suite features a new colour scheme and design, our new club logo, a British flag on the left arm and NIRC in lettering down the side. We are looking forward to seeing our skaters in the new suites over the coming season, especially at the British Championships in Nottingham, Jan 2-3, 2016 and the European Star Class event in Nottingham on Jan 8-10, 2016.

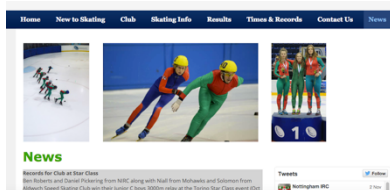

Success in Scotland

Skaters from the club competed in two Scottish competitions in October, Freddie Polak and Isaac Hurley achieving 2nd and 3rd palce in Junior D&E at Ayrshire.

New Club Website, www.nirc.info

The club has a fantastic new website designed by David Ross-Waddell. Clear layout and lots of useful information, including training times and a feed from our Twitter account [@NottsIRC](https://twitter.com/NottsIRC); follow us for all the latest news.
